There are **NO** secrets to increasing your unit level margins and cash flow. With MIRUS' exception-based restaurant solution – improved cash flow is **guaranteed** by putting the following 5 practices to work:

- **Commit**
  - Pick a great team to tackle your problem
  - Pick a specific problem that has been a challenge to solve
  - Make the solution to the problem a top priority
- **Focus**
  - Effective problem solving takes time and effort
  - Hold frequent meetings reporting updates on solution status
- **Measure**
  - Benchmark
  - Legacy measurements
  - MIRUS measurements
- **Implement**
  - Taking corrective action results in change
  - Support and facilitate change as vehicle to solution
  - Team must be accountable for delivering improved results
- **Monitor**
  - Ongoing monitoring is needed to retain and increase benefits over time
  - Apply exception-based monitoring to minimize cost and maximize results
